Extension of the "iAM Smart" Use Cases

"iAM Smart" Overview

"iAM Smart" mobile app provides the one-stop personalised digital services platform, which enables users to log in and use online services by their personal mobile phone in a smart and convenient way.

"iAM Smart" users could conduct authentication, digital signing and "e-ME" form-filling functions via "iAM Smart" mobile app or website services so that users could easily log in and use the "iAM Smart" enabled online services. Furthermore, "iAM Smart" users could set up personalised notifications services for receiving government service updates with "iAM Smart" mobile app.

Site Map

Extension of Cross-boundary Public Services

The screenshot displays the iAM Smart website interface. At the top, there is a navigation bar with the iAM Smart logo (智方便 iAM Smart) on the left and two main categories: "Residents" and "Public & Private Organisations". Below these, a secondary navigation bar lists links: "Home", "About 'iAM Smart'", "Service Catalogue", "'iAM Smart' Registration", "Videos/Photos", and "Frequently Asked".

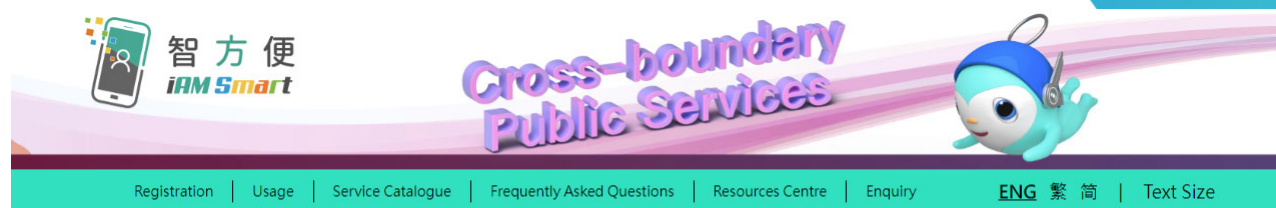

The main content area features a large video player. The video frame shows an illustration of a man in a green shirt and a hat, holding a smartphone and a suitcase, standing next to a blue robot character. In the background, there is an airplane and a stylized airport terminal. Text overlaid on the video reads: "Use Contactless e-Channel with 'iAM Smart' to enjoy convenient, fast and hygienic immigration clearance". A play button icon is visible on the suitcase, with a tooltip that says "Click here to watch the introduction video".

At the bottom left of the slide, there is a logo for the Asia PKI Consortium, which consists of a circular emblem with a globe-like pattern and the text "Asia PKI Consortium" next to it.

Extension of Cross-boundary Public Services

When using "iAM Smart" to access the "Cross-boundary Public Services", "iAM Smart" system will pass a "system identifier" to the "Unified Identity Authentication Platform of Guangdong Province" for the identity authentication purpose, without using any personal information.

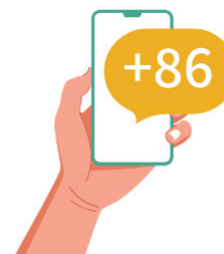

Registration

To use the government services of Guangdong Province, "iAM Smart" users need to register the "Unified Identity Authentication Platform of Guangdong Province" account and bind it with "iAM Smart" account, please prepare:

Mainland Travel Permit for
Hong Kong and Macao
Residents

Mainland China mobile
number to receive SMS

Install "WeChat" App and
complete the registration

Promoting the usage of e-submission with digital signing (by digital certificate) to the Education Sector

Promoting the usage of e-submission with digital signing (by digital certificate) to the Education Sector

Starting from the 2023/24 school year, parents/guardians (i.e. applicants) may submit online applications for the student grant for students studying in public sector schools and DSS schools. Applicants must have a user account of “iAM Smart+” with digital signing function. They may log in to the online service of “e-Submission of Student Grant Applications” via the “iAM Smart” App direct, or to the government link to log in to the e-submission platform (e-platform) to submit online applications.

To submit applications electronically, parents must have a user account of “iAM Smart+” with digital signing function.
